increments to them after one year from the date of appointment as also interest and costs etc.

Learned counsel for the petitioners as well as respondent No.3/Corporation jointly submit that an affidavit on behalf of the Corporation has been filed on 26.11.2007, according to which the Corporation has already taken a decision to give benefit of increments to the petitioners after completion of their probation period and after taking of such decision, no grievance is left with the petitioners. They submit that after such a decision taken by the Corporation, nothing remains to be decided in this writ petition and both the counsel agree that this petition may be disposed of in terms of the aforesaid decision taken by the Corporation.

In view of the above contention, jointly raised by both the counsel, this petition is disposed of on the ground that the main grievance raised by the petitioners about payment of increment from the date of completion of probation has been redressed by the Corporation and the petitioners are satisfied with the said decision.

This petition is disposed of on the above ground on a joint request made by learned counsel for the petitioners as well as counsel for respondent No.3.
